As a substitute, add a number of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to check out prices by creating a number of duplicate gross sales pages with different costs on every page. Make sure your gross sales copy is strictly the same on each page,

and contains your selling-handle sentence. Then figure out for every web page the conversion ratio between guests to your website and gross sales of your book. This may let you know what your optimum value is.
