If these customers have already purchased an e-book from you, ask for his or her opinion by way of price. Another strategy is to test out costs by creating a number of duplicate gross sales pages with totally different prices on every page. Be certain your sales copy is strictly the identical on each

page, and includes your selling-handle sentence. Then figure out for every web page the conversion ratio between guests to your website and gross sales of your book. It will let you know what your optimum price is.

In the end, in case you've written a e-book that solves a downside or presents a new technique, your e book will usher in both site visitors and profits.
