Begin on the highest price the market will bear to herald the largest earnings, and plan to low cost the guide a variety of instances all through the year.

Another strategy is to check out prices by making a variety of duplicate gross sales pages with different prices on each page. Make sure that your gross sales copy is precisely the identical on

every web page, and contains your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your web site and gross sales of your book. This will let you know what your optimum price is.

In the end, if you happen to've written a book that solves a downside or presents a new technique, your e book will bring in both site visitors and profits.
