Besides promoting your books assiduously online, there are a number of other methods that may allow you to sell more books.

One is to give one thing away totally free along with your e-book, equivalent to a useful bonus item. Or bundle several ebooks below one value, which lowers the worth for each book in the event that they have been offered separately.

An effective method for figuring out a value is to send out a survey to your present customers. If these customers have already purchased an book from you, ask for his or her opinion in terms of price. Do this by making a gross sales web page for the brand new book, but do not embrace a worth on that page. As an alternative, add numerous links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to check out prices by creating a number of duplicate gross sales pages with totally different costs on each page. Be certain that your gross sales copy is precisely the

identical on each web page, and contains your promoting-deal with sentence. Then determine for every page the conversion ratio between visitors to your web site and sales of your book. This may inform you what your optimum value is.

Finally, when you've written a e book that solves a downside or presents a new technique, your ebook will bring in both site visitors and profits.
