An efficient technique for figuring out a value is to ship out a survey to your current customers. If these prospects have already bought an ebook from you, ask for his or her opinion in terms of

price. Do this by making a sales page for the new e book, however don't include a value on that page. As an alternative, add numerous links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to test out costs by creating a number of duplicate sales pages with completely different prices on every page. Make sure that your gross sales copy is precisely the identical on every web page, and contains your selling-handle sentence. Then work out for every web page the conversion ratio between visitors to your site and sales of your book. This may tell you what your optimum price is.

Ultimately, when you've written a e book that solves a problem or presents a new method, your book will usher in both traffic and profits.
