One other technique is to test out prices by making a number of duplicate sales pages with completely different prices on every page. Make sure your gross sales copy is precisely the same on

every page, and includes your selling-handle sentence. Then figure out for each page the conversion ratio between guests to your website and gross sales of your book. This will tell you what your optimum worth is.

Finally, if you've written a e-book that solves a drawback or presents a brand new approach, your book will usher in both visitors and profits.
