of sales and promotional material, and every time anyone asks you about your ebook.

An effective approach for figuring out a worth is to ship out a survey to your current customers. If these clients have already bought an e book from you, ask for his or her opinion in terms of price. Do this by creating a sales page for the new e-book, but do not embrace a price on that page. Be certain your gross sales copy is strictly the same on every page, and consists of your selling-deal with sentence. Then work out for each page the conversion ratio between guests to your web site and gross sales of your book. This will tell you what your optimum price is.

Finally, if you happen to've written a e-book that solves a problem or presents a brand new method, your e-book will usher in both visitors and profits.
