An effective method for determining a worth is to ship out a survey to your present customers. If these clients have already purchased an book from you, ask for their opinion when it comes to price. Do this by making a gross sales web page for the new book, but do not embrace a price on that page. One other technique is to test out prices by creating a number of duplicate sales pages with totally different prices on every page. Make sure your gross sales copy is exactly the identical on every web page, and consists of your promoting-deal with sentence. Then work out for every page the conversion ratio between visitors to your web site and gross sales of your book. This can let you know what your optimum value is.

Ultimately, for those who've written a e-book that solves a downside or presents a brand new approach, your guide will bring in both site visitors and profits.
