If these prospects have already purchased an e book from you, ask for their opinion when it comes to price. Do this by making a sales web page for the brand new book, but do not include a worth on that page. Instead, add plenty of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to test out prices by making a variety of duplicate sales pages with completely different prices on each page. Be sure your gross sales copy is strictly the identical on

each page, and includes your selling-handle sentence. Then figure out for each page the conversion ratio between visitors to your website and sales of your book. This can inform you what your optimum price is.

In the end, if you've written a ebook that solves a downside or presents a new method, your ebook will herald both visitors and profits.
