An efficient technique for figuring out a worth is to send out a survey to your present customers. If these customers have already purchased an ebook from you, ask for their opinion when it comes to price. Do this by creating a gross sales page for the brand new ebook, but do not embody a value on that page. As an alternative, add plenty of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to check out prices by making a variety of duplicate sales pages with different prices on every page. Make sure that your sales copy is precisely the same on each page, and consists of your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your website and sales of your book. It will tell you what your optimum value is.

Ultimately, if you happen to've written a e book that solves a downside or presents a new technique, your guide will usher in each traffic and profits.
