An efficient method for determining a price is to send out a survey to your current customers. If these prospects have already purchased an ebook from you, ask for their opinion by way of price. Do that by creating a sales web page for the new guide, but don't embrace a value on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another technique is to test out costs by creating a number of duplicate sales pages with completely different prices on each page. Ensure that your gross sales copy is strictly the similar on every

page, and contains your selling-deal with sentence. Then determine for every web page the conversion ratio between visitors to your website and gross sales of your book. It will tell you what your optimum worth is.

Ultimately, if you happen to've written a guide that solves a downside or presents a brand new technique, your guide will usher in both traffic and profits.
