An effective technique for figuring out a value is to ship out a survey to your present customers. If these clients have already purchased an e book from you, ask for their opinion in terms of price. Do that by making a sales page for the new book, but don't embrace a value on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to check out prices by making a variety of duplicate sales pages with completely different prices on each page. Ensure that your gross sales copy is strictly the

identical on every page, and contains your promoting-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your website and sales of your book. This may let you know what your optimum value is.

Ultimately, for those who've written a book that solves a problem or presents a brand new method, your e book will usher in both site visitors and profits. So you'll want to write that selling-deal with sentence that sums up what downside your e book solves and what the benefits of your 1525 e-book might be to the purchasers who purchase it.
