The key that unlocks the gross sales potential of your e book is to find a single sentence that becomes your selling handle. This sentence states what question or drawback your e-book answers and the benefits your e book can provide. Then remember to use that sentence in each piece of sales and

promotional material, and every time anybody asks you about your ebook.

Another technique is to check out costs by creating a variety of duplicate sales pages with different prices on each page. Be certain your gross sales copy is exactly the same on every web page, and contains your selling-deal with sentence. Then figure out for each page the conversion ratio between guests to your website and sales of your book. This will inform you what your optimum value is.

Finally, in the event you've written a e-book that solves a problem or presents a new approach, your book will bring in each traffic and profits.
