Do this by creating a gross sales web page for the new e-book, however don't embody a value on that page. As an alternative, add a number of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other technique is to test out prices by making a number of duplicate gross sales pages with completely different costs on each page. Make certain your sales copy is strictly the identical on

each page, and consists of your selling-handle sentence. Then determine for each web page the conversion ratio between visitors to your site and sales of your book. This will tell you what your optimum price is.

Finally, should you've written a book that solves a drawback or presents a new method, your book will herald each site visitors and profits. So you'll want to write that selling-handle sentence that sums up what drawback your book solves and what the advantages of your 1710 guide will probably be to the shoppers who buy it. And then watch your market come to you!
