An efficient method for figuring out a worth is to ship out a survey to your current customers. If these customers have already bought an book from you, ask for his or her opinion in terms of price. Do that by making a gross sales web page for the new e book, but do not embrace a worth on that page. As a substitute, add various links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to test out costs by creating a number of duplicate gross sales pages with different costs on each page. Be certain your gross sales copy is exactly the similar on every web page, and consists of your selling-deal with sentence. Then determine for each page the conversion ratio between visitors to your website and sales of your book. This may tell you what your optimum price is.

In the end, in case you've written a guide that solves a problem or presents a brand new technique, your e-book will bring in each visitors and profits.
