Another strategy is to check out costs by creating a number of duplicate gross sales pages with different costs on every page. Be certain your gross sales copy is exactly the similar on each web

page, and consists of your selling-deal with sentence. Then work out for each web page the conversion ratio between visitors to your web site and sales of your book. This will tell you what your optimum value is.

In the end, if you happen to've written a book that solves a problem or presents a brand new method, your guide will bring in each visitors and profits.
