Besides selling your books assiduously online, there are several different methods that may make it easier to promote extra books.

One is to provide something away without cost along with your book, similar to a beneficial bonus item. Or bundle several ebooks below one value, which lowers the worth for each ebook if they have been offered separately.

One other strategy is to test out prices by making a variety of duplicate sales pages with completely different costs on each page. Ensure your sales copy is precisely the same on each web

page, and includes your selling-handle sentence. Then work out for each web page the conversion ratio between guests to your site and gross sales of your book. It will inform you what your optimum value is.
