An effective method for determining a worth is to send out a survey to your present customers. Do that by making a sales page for the new e-book, but do not embrace a value on that page. As an alternative, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to check out costs by making a variety of duplicate sales pages with totally different costs on each page. Make sure your gross sales copy is precisely the similar on each web page, and includes your selling-handle sentence. Then work out for every web page the conversion ratio between visitors to your website and gross sales of your book. This will let you know what your optimum price is.

In the end, when you've written a e book that solves a downside or presents a new method, your e-book will bring in both site visitors and profits.
