and promotional material, and every time anybody asks you about your ebook.

One other technique is to test out costs by making a variety of duplicate sales pages with completely different costs on every page. Be certain your gross sales copy is strictly the identical on every web page, and includes your promoting-handle sentence. Then work out for every page the conversion ratio between guests to your site and sales of your book. It will inform you what your optimum worth is.

In the end, should you've written a e-book that solves a problem or presents a new method, your guide will bring in both visitors and profits.
