If these prospects have already purchased an e-book from you, ask for their opinion when it comes to price. Do this by making a gross sales web page for the new e book, however don't embrace a value on that page. As a substitute, add various links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to check out prices by making a variety of duplicate sales pages with completely different costs on every page. Make sure your sales copy is exactly the similar on each page, and contains your selling-handle sentence. Then figure out for each web page the conversion ratio between visitors to your web site and gross sales of your book. It will tell you what your optimum value is.

In the end, if you happen to've written a ebook that solves a drawback or presents a brand new approach, your e-book will usher in both traffic and profits. So be sure you write that promoting-deal with sentence that sums up what drawback your e book solves and what the advantages of your 208 ebook will likely be to the customers who buy it.
