Marketing Methods

The key that unlocks the gross sales potential of your e-book is to find a single sentence that turns into your selling handle. Then you'll want to use that sentence in every piece of sales and promotional materials, and every time anyone asks you about your ebook.

In addition to promoting your books assiduously online, there are a number of other strategies that may help you sell extra books.

One is to provide one thing away free of charge along with your book, comparable to a invaluable bonus item. Or bundle several ebooks under one value, which lowers the worth for every ebook if they had been offered separately.

An effective approach for figuring out a worth is to ship out a survey to your current customers. If these customers have already purchased an e book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales page for the brand new e-book, but don't include a value on that page. Another technique is to check out prices by making a variety of duplicate sales pages with different costs on every page. Be sure your gross sales copy is precisely the same on each page, and consists

of your selling-handle sentence. Then work out for every page the conversion ratio between visitors to your web site and gross sales of your book. This may inform you what your optimum worth is.

Finally, should you've written a e book that solves a problem or presents a brand new method, your guide will usher in each site visitors and profits.
