and promotional materials, and every time anybody asks you about your ebook.

Besides selling your books assiduously on-line, there are several different methods that may make it easier to sell more books.

One is to offer one thing away for free with your e book, resembling a invaluable bonus item. Or bundle several ebooks under one worth, which lowers the worth for each e book in the event that they were bought separately.

An effective approach for figuring out a worth is to ship out a survey to your present customers. Instead, add a variety of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other strategy is to check out costs by creating a number of duplicate gross sales pages with totally different costs on each page. Ensure your sales copy is strictly the similar on every web page, and contains your selling-handle sentence. Then work out for every web page the conversion ratio between guests to your website and sales of your book. This will inform you what your optimum value is.

Finally, if you've written a book that solves a drawback or presents a new technique, your book will usher in both site visitors and profits. So you'll want to write that selling-handle sentence that sums up what downside your e-book solves and what the advantages of your 2125 e-book will be to the customers who purchase it.
