In addition to promoting your books assiduously online, there are a number of other strategies that can assist you to promote extra books.

An efficient technique for figuring out a price is to send out a survey to your present customers. If these customers have already bought an book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales web page for the new book, however do not include a price

on that page. As an alternative, add a variety of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Ensure that your gross sales copy is exactly the same on each web page, and consists of your promoting-deal with sentence. Then determine for each page the conversion ratio between visitors to your site and gross sales of your book. This may let you know what your optimum price is.

In the end, in case you've written a book that solves a drawback or presents a brand new approach, your e book will usher in both visitors and profits.
