An effective technique for figuring out a value is to send out a survey to your present customers. If these clients have already bought an e book from you, ask for his or her opinion in terms of price. Do this by creating a gross sales web page for the brand new guide, but don't include a worth on that page. As an alternative, add a number of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to check out prices by creating a number of duplicate gross sales pages with completely different prices on every page. Ensure that your sales copy is strictly the similar on every web page, and includes your selling-handle sentence. Then figure out for every web page the conversion ratio between visitors to your site and sales of your book. This may inform you what your optimum value is.

Ultimately, if you've written a guide that solves a drawback or presents a new method, your e book will usher in each site visitors and profits.
