Then you should definitely use that sentence in every piece of gross sales and promotional materials, and each time anyone asks you about your ebook.

Besides promoting your books assiduously online, there are several different methods that may enable you to promote more books.

An effective method for determining a value is to ship out a survey to your present customers. If these customers have already bought an e-book from you, ask for their opinion in terms of price. Do that by making a sales web page for the new e-book, however don't embrace a value on that page. Instead, add plenty of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to test out prices by creating a number of duplicate sales pages with totally different prices on each page. Make certain your sales copy is precisely the similar on every page, and contains your promoting-deal with sentence. Then work out for every page the conversion ratio between guests to your website and gross sales of your book. This can inform you what your optimum price is.

Finally, in the event you've written a e-book that solves a problem or presents a brand new method, your e-book will herald both site visitors and profits. So remember to write that selling-handle sentence that sums up what problem your guide solves and what the advantages of your 2266 book will be to the purchasers who buy it. And then watch your market come to you!
