gross sales and promotional materials, and every time anybody asks you about your ebook.

Apart from promoting your books assiduously on-line, there are several other methods that may help you sell extra books.

An efficient technique for determining a worth is to send out a survey to your present customers. If these prospects have already purchased an e-book from you, ask for their opinion when it comes to price. Do that by creating a gross sales web page for the new book, but don't include a worth on that page. One other strategy is to test out costs by making a variety of duplicate gross sales pages with totally different prices on every page. Ensure that your gross sales copy is precisely the same on every web page, and consists of your promoting-handle sentence. Then determine for each page the conversion ratio between visitors to your website and sales of your book. This can inform you what your optimum value is.
