One other technique is to check out costs by creating a number of duplicate sales pages with completely different prices on every page. Make sure your sales copy is exactly the identical on

every web page, and consists of your selling-handle sentence. Then figure out for each page the conversion ratio between visitors to your web site and sales of your book. This can let you know what your optimum value is.

Finally, when you've written a guide that solves a problem or presents a brand new technique, your ebook will herald both traffic and profits.
