An effective approach for determining a value is to send out a survey to your present customers. If these clients have already bought an ebook from you, ask for their opinion when it comes to price. Do this by making a gross sales page for the new book, however do not embrace a worth on that page. One other strategy is to test out prices by creating a variety of duplicate sales pages with different costs on every page. Make certain your gross sales copy is strictly the similar on each web page, and includes your selling-handle sentence. Then work out for every page the conversion ratio between visitors to your site and sales of your book. This will inform you what your optimum price is.

In the end, in case you've written a book that solves a problem or presents a new approach, your book will usher in both traffic and profits.
