If these prospects have already bought an e-book from you, ask for their opinion when it comes to price. Do this by making a gross sales page for the new ebook, however don't embody a worth on that page. Instead, add a lot of links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other technique is to test out prices by creating a number of duplicate sales pages with totally different prices on each page. Be sure that your sales copy is exactly the similar on every web

page, and includes your promoting-handle sentence. Then work out for each web page the conversion ratio between guests to your web site and sales of your book. It will let you know what your optimum price is.

In the end, in the event you've written a guide that solves a drawback or presents a brand new method, your book will herald both site visitors and profits.
