An efficient approach for determining a value is to ship out a survey to your current customers. If these clients have already bought an ebook from you, ask for his or her opinion when it comes to price. Do this by making a gross sales web page for the new book, but don't include a value on that page. As an alternative, add a variety of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to check out costs by making a number of duplicate gross sales pages with different prices on each page. Ensure that your sales copy is exactly the identical on each web page, and consists of your selling-deal with sentence. Then figure out for every page the conversion ratio between guests to your site and sales of your book. This can let you know what your optimum worth is.

In the end, if you happen to've written a ebook that solves a problem or presents a new method, your book will herald each site visitors and profits.
