An efficient technique for determining a value is to ship out a survey to your current customers. If these clients have already bought an e book from you, ask for their opinion when it comes to price. Do that by creating a sales page for the brand new ebook, but don't embrace a value on that page. As a substitute, add a variety of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other technique is to test out costs by making a variety of duplicate sales pages with completely different costs on each page. Make sure that your sales copy is strictly the same on

every page, and includes your selling-handle sentence. Then determine for each page the conversion ratio between guests to your site and sales of your book. This will let you know what your optimum price is.

Ultimately, in the event you've written a e-book that solves a problem or presents a brand new method, your guide will usher in each traffic and profits.
