An effective technique for determining a worth is to ship out a survey to your present customers. If these clients have already bought an e book from you, ask for their opinion in terms of price. Do this by making a gross sales page for the new e book, however do not include a value on that page. One other technique is to check out prices by making a number of duplicate sales pages with completely different prices on every page. Be sure that your gross sales copy is precisely the similar on each page, and consists of your selling-deal with sentence. Then determine for each page the conversion ratio between guests to your site and sales of your book. This can tell you what your optimum value is.

Ultimately, should you've written a guide that solves a drawback or presents a brand new approach, your e-book will bring in both visitors and profits.
