## Marketing Methods

The key that unlocks the gross sales potential of your e-book is to discover a single sentence that becomes your promoting handle. This sentence states what query or downside your guide answers and the advantages your e book can provide. Then make sure you use that sentence in each piece of sales and promotional materials, and every time anyone asks you about your ebook.

Besides promoting your books assiduously online, there are several different methods that may allow you to sell more books.

One is to offer something away totally free together with your e book, equivalent to a worthwhile bonus item. Or bundle a number of ebooks below one value, which lowers the price for every ebook if they were sold separately.

An efficient technique for figuring out a value is to send out a survey to your present customers. If these prospects have already bought an e-book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales page for the new guide, however don't include a worth on

that page. As a substitute, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to test out costs by making a variety of duplicate sales pages with totally different costs on each page. Be sure your sales copy is exactly the same on every web page, and contains your promoting-deal with sentence. Then figure out for each page the conversion ratio between visitors to your website and gross sales of your book. It will tell you what your optimum price is.

In the end, if you happen to've written a guide that solves a drawback or presents a new method, your e book will herald both site visitors and profits. So remember to write that selling-deal with sentence that sums up what problem your guide solves and what the benefits of your 537 e-book can be to the purchasers who purchase it. And then watch your market come to you!
