and promotional materials, and each time anybody asks you about your ebook.

Another technique is to check out costs by making a number of duplicate sales pages with completely different prices on every page. Make sure that your gross sales copy is strictly the identical on each web page, and consists of your promoting-handle sentence. Then figure out for every web page the conversion ratio between visitors to your web site and gross sales of your book. It will inform you what your optimum value is.

Ultimately, when you've written a ebook that solves a downside or presents a brand new approach, your e-book will herald each traffic and profits.
