An effective approach for determining a value is to ship out a survey to your present customers. If these prospects have already bought an e book from you, ask for his or her opinion in terms of price. Do that by making a sales page for the new ebook, however don't embrace a price on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other technique is to check out costs by making a variety of duplicate gross sales pages with totally different costs on every page. Make certain your gross sales copy is exactly the same on

every web page, and contains your selling-handle sentence. Then figure out for every page the conversion ratio between visitors to your site and sales of your book. This can let you know what your optimum price is.

Finally, if you've written a guide that solves a drawback or presents a new method, your book will bring in each traffic and profits.
