A printed ebook is an object you'll be able to maintain in your hand, store in your bookshelf, even hand down to the subsequent generation. It is priced on elements such as paper inventory, design and production prices, and marketing.

However the truth that unites ebooks and print books is that they're composed of ideas. It's the concepts in these books which have the flexibility to vary, or presumably remodel, folks's lives.

What do you assume an concept is value when evaluated against the cost of paper and ink?

Determine if your purpose is to get wide distribution and most exposure. This objective is aimed toward drawing clients to your online business or service, or to establishing the credibility of your reputation. If your book solves a problem or answers questions in a brand new and distinctive manner, it's best to price your book as high as you possibly can go. You will achieve larger earnings this way, however bring in fewer customers. Just be sure that the question or drawback that your e-book solves is one that is essential and related to nearly all of your market audience. If you wish to see large earnings over customer draw, aim for an audience that's searching for

simple options to their problems at a low price. In case your ebook is aimed at fixing one particular problem reasonably than common advice, then you'll be able to cost more. Begin on the highest worth the market will bear to herald the largest earnings, and plan to low cost the e book a number of times throughout the year.

## Marketing Methods

Apart from selling your books assiduously on-line, there are a number of different strategies that may provide help to sell extra books.

One is to give something away totally free together with your ebook, akin to a valuable bonus item. Or bundle several ebooks underneath one price, which lowers the worth for every e-book in the event that they were sold separately.

An effective approach for figuring out a price is to ship out a survey to your current customers. If

these customers have already purchased an ebook from you, ask for their opinion when it comes to price. Do that by making a sales page for the new ebook, but don't embody a price on that page. As an alternative, add a variety of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to test out costs by making a number of duplicate sales pages with different costs on each page. Be certain that your sales copy is exactly the same on each web page, and consists of your selling-handle sentence. Then work out for every web page the conversion ratio between guests to your web site and gross sales of your book. This can tell you what your optimum value is.

In the end, if you've written a ebook that solves a problem or presents a brand new method, your guide will usher in each traffic and profits.
