Then be sure to use that sentence in every piece of sales and promotional material, and each time anyone asks you about your ebook.

Besides selling your books assiduously on-line, there are several other strategies that may show you how to promote extra books.

One is to offer one thing away totally free with your ebook, akin to a helpful bonus item. Or bundle several ebooks underneath one price, which lowers the worth for every ebook if they have been offered separately.

An effective method for figuring out a price is to send out a survey to your current customers. If these prospects have already bought a book from you, ask for his or her opinion when it comes to price. Do that by creating a sales page for the new ebook, but don't embrace a value on that page. As a substitute, add quite a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to test out prices by creating a number of duplicate gross sales pages with different costs on every page. Be sure your sales copy is strictly the same on every web page, and

consists of your selling-handle sentence. Then work out for each web page the conversion ratio between visitors to your web site and gross sales of your book. This will let you know what your optimum price is.

Finally, if you've written a e book that solves a problem or presents a brand new approach, your book will herald each site visitors and profits. So remember to write that promoting-handle sentence that sums up what problem your book solves and what the benefits of your 845 e-book will likely be to the purchasers who buy it.
