If your e book solves a problem or answers questions in a brand new and unique means, it's best to price your e-book as high as you possibly can go. If you want to see large earnings over buyer draw, goal for an audience that's in search of easy options to their issues at a low price. If your e-book is aimed toward solving one specific problem slightly than general recommendation, then you can charge more. Begin at the highest price the market will bear to herald the largest profits, and plan to low cost the book a variety of occasions throughout the year.
