Do this by making a sales page for the new book, but do not embrace a value on that page. As an alternative, add a number of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to check out costs by creating a number of duplicate sales pages with different prices on each page. Make certain your sales copy is strictly the identical on each web page, and includes your promoting-deal with sentence. Then work out for each page the conversion ratio between visitors to your site and gross sales of your book. This can let you know what your optimum price is.

Ultimately, if you've written a book that solves a drawback or presents a brand new approach, your e book will bring in each traffic and profits.
