One other technique is to test out prices by creating a number of duplicate gross sales pages with different prices on each page. Make sure your gross sales copy is strictly the identical on each web page, and contains your selling-handle sentence. Then determine for every page the conversion ratio between guests to your site and gross sales of your book. This can inform you what your optimum price is.

Finally, if you happen to've written a guide that solves a problem or presents a brand new approach, your guide will herald both site visitors and profits.
